## HERDSMAN'S PRIZE:

For presentation of most attractive exhibit. Neatness of stalls will be considered fifty-fifty with appearance of animals .....\$25 \$20 \$15 \$10 \$5

# Information for the Buyer

## FREE FREIGHT OFFER—

The American Shorthorn Breeders' Association will reimburse any purchaser, or group of purchasers, who buy and ship a carload of ten lots or more from this Congress Sale to one destination, up to a maximum of \$200.00.

## MAIL BIDS—

Although no travel restrictions should keep you from missing the 1945 International Congress, there will be some who may not be able to attend but who will want to buy in this sale. We list the following competent men who will be glad to handle buying orders for you. Contact these men at the addresses listed, or in care of this Association at 7 Dexter Park Ave., Chicago 9, or telephone Yards 0363.

Representing the Shorthorn World,  
16 So. Locust St., Aurora, Ill.

Will Johnson  
Hal Longley  
Mervin Aegerter

Representing the Breeders' Gazette,  
Spencer, Ind.

Ralph C. Poulton

Representing AMERICAN SHORTHORN BREEDERS' ASSOCIATION,  
7 Dexter Park Ave., Chicago 9, Ill.

Clinton K. Tomson

C. D. Swaffar

Dan T. Cox

Clem Larson

Representing the Corn Belt Dailies,  
Stock Yards, Chicago 9, Ill.

Tom Sherlock  
Paul Good  
Merrill Abrahams

Representing Farmer's Guide,  
Huntington, Ind.

Lloyd C. Crouch

## AUCTIONEERS—

J. E. Halsey, Des Moines, Iowa  
Hamilton James, Newton, Illinois

## SHIPPING ARRANGEMENTS—

It is the obligation of the consignors and this Association to see that all cattle are properly loaded on cars or trucks as directed by the buyers for immediate shipment. Cattle will be at buyer's risk as soon as bid off, but every precaution will be taken to see that animals arrive in sound and healthy condition. **Be sure to leave definite instructions with the sale clerk.**

INSURANCE coverage can be secured effective at the time of sale.

## HOTEL RESERVATIONS—

It is urgently necessary that all who plan to attend this show and sale should make hotel reservations at least two weeks in advance. No unreserved rooms will be held for us after that date. The STEVENS HOTEL and the CONGRESS HOTEL, both in downtown Chicago, have been established as headquarters. Reservations should be made through this office, but if made direct be sure to mention the SHORTHORN SALE so you will secure accommodation without fail. Please notice that the Shorthorn Club dinner will be held at the CONGRESS HOTEL, but the Annual Association Meeting and Dinner will be held at the STEVENS HOTEL. Dinner tickets will be available from any Association representative.

## TERMS OF SALE—

The terms of this sale are cash.

## GUARANTEE—

All animals sold in this sale will be backed by the Standard Guarantee endorsed by this Association.

## LIABILITY—

Although every precaution will be exercised to protect the safety and comfort of our guests at this show and sale, neither this Association, nor its representatives, nor the auctioneers nor clerks, can assume any liability for any accidents.

AMERICAN SHORTHORN BREEDERS' ASSOCIATION,

Clinton K. Tomson, Secretary

# *A Centennial of Shorthorn Progress*

Next year, 1946, is the year in which we celebrate a "Centennial of Shorthorn Progress." One hundred years ago next year the first American Shorthorn Herd Book came off the press under the persevering guidance of its compiler, Lewis F. Allen of Black Rock, N. Y., an uncle of Grover Cleveland. It made its appearance 24 years after the first English Herd Book and recorded about 600 Shorthorns. The second American book, appearing in 1855, included some 3,000. In 1946 the number of purebred Shorthorns in America since the first importation in 1783, will reach the three million mark, with 1945 marching into history as the greatest year in present Shorthorn experience.

During the fiscal year which closed October 31, 1945, 62,380 head of Shorthorns were recorded and 51,178 were transferred with 1,883 new members joining the American Shorthorn Breeders' Association. This brings the total new memberships in the last three years up to 5,435, the largest number of new breeders joining any beef breed registry association in that time.

Already plans are formulating for a series of regional Centennial shows and sales, participation in at least one of which will be possible to every Shorthorn breeder in this country. **NOW IS THE TIME** to start selecting top animals to be entered in these events. Only the best in breeding and individuality should be consigned and we hope numbers will be increased twofold. Cattle should be given the highest degree of fitting and exhibition.

## **More Grand Champion Steers**

Particularly should every breeder of good Shorthorns strive to see that top Shorthorn steers go into inter-breed competition at the major fairs and expositions so that when the International Livestock Exposition closes on its first postwar performance next year, our breed will have to its credit a hatful of purple ribbons for grand champion steers over all breeds. This can be augmented in no small degree by ascertaining that more and better calves get into the hands of deserving and capable vocational students and 4-H Club members. Not only should they be made available, but Shorthorn breeders should charge themselves with the responsibility of watching over the progress of these projects with a careful eye making certain that they receive the necessary teacher and county agent support.

## **It's In Your Hands**

A breed progresses only by the degree of support received from its members. So it's up to you. It will take cooperation, far-sightedness, planning, and enthusiasm to make 1946 the greatest year in Shorthorn history. Let's finish the first century and start the new one with a nation awake to the unquestioned dominance of the Shorthorn as the ideal breed fitting into every well-ordered system of cattle raising or mixed husbandry. The characteristics which have gained them whole-hearted acceptance wherever they go have not been dimmed from the lapse of years. They were dominant in their progenitors from earliest inception and have been intensified all down the line by the improvers of the breed. Breeds may come and breeds may go, but the Shorthorn goes on through the years improving other strains and bringing breeders of Shorthorns through the storms of depression and drouth or over the high seas of prosperity with like equanimity. Let's all boost for the **GREATEST BREED OF CATTLE ON EARTH.**—Clinton K. Tomson.

**Lot 1—Bull****Class 1****Okla. A. & M. College****GOSSHALL PURE GOLD 2175825 L.E. OAM 3; R.E. 313**

Red, calved March 24, 1943. Bred by F. W. Harding, Waukesha, Wis.; owned by Oklahoma A & M College, Stillwater, Okla.

Coldoch Union Jack (249823)  
Dark Roan, W. M. Snadden

**SIRE**

# VILLAGE GOLDSMITH

Has all the characteristics for which the Shorthorn breed is famous—weight for age, smooth, deep, mellow flesh, a long level deep quarter, with a head that denotes the ability to breed these characteristics on.

Lot 8—Bull

Class 2

**DONHILL VICTOR MERCURY**—is wide, deep, thick and compact, with a good head and a great rear end. His dam is one of our most prized cows—every one of her calves has been outstanding. The breeding back of this bull should insure his being a top sire.

**EDELLYN ROYAL LEADER 21ST**

Is faultless in his short-coupled, chunky conformation and concentrates the good characteristics of America's two leading sires with Edellyn's greatest producing family, into a typy calf that will stay typy. A favorite son of the All-American Favorite, he is by the same sire and out of a full-sister to the dam of Edellyn Royal Leader 11th, the 1944 Congress Grand Champion. This pair of Calrossie Mercury females are full sisters to Edellyn Roman Mercury, the 1943 Congress Champion. Edellyn Royal Leader 21st near perfect form, backed by this perfect performance of pedigree, is marked to be one of the greatest prospects ever offered at Edellyn and as certain of success as the blending of the best can produce.

**CALARA JUBILEE COMMAND**—is a good red bull—ready for service. He is a short legged, well quartered, thick fleshed bull with a good head. His dam is one of the best breeding cows in the Calara Farm herd and he is sired by the same bull that sired our 1st prize bull in the 1944 Congress Sale.

#### SANDOON SENSATION

Grand Champion at the 1945 Lindsay Exhibition—Canada's largest show of the year. He is a rich dark red roan, wide, deep-bodied, short-coupled, with wide rump and heavy quarters and stands on extremely short legs. His dam was Grand Champion two years at the C. N. E. Three crosses of Rosehaugh Mandarin have "nicked" well in this bull.

# BUY IN THE PURPLE

The 1945 International Congress offers Shorthorn lovers an unprecedented opportunity of joining the "March of Shorthorn Progress" and at the same time of helping themselves to future security in the Shorthorn business.

The 70 bulls and 136 females from 80 leading herds herewith catalogued, comprise the finest consignment of Shorthorns of championship calibre ever assembled for auction in present day experience. These 206 head are the full embodiment of excellence in Shorthorn quality, uniformity, type and bloodlines. They represent as sound an investment in herd improvement as it is possible to make.

FURTHERMORE with all major fairs and expositions in full swing next year here is the place to fill in your show herd for the first postwar breed competition. The surest way to secure purple ribbon winners is to buy from the herds where such winners are produced. We offer you that opportunity in this 1945 Congress. **BUY HERE AND NOW** at auction prices your show winners for 1946 as well as herd improvement for the coming era.

**GOLDEN OAK PRINCE PETER**—This solid red son of Prince Peter is exceptionally well balanced, wide, deep and compact. He is evenly covered with thick mellow flesh; an inherited characteristic of the Prince Peter calves. His dark red dam is an outstanding individual and a top producer. One of her sons, Westmoreland Browndale, only lived long enough to sire one crop of calves. We liked them so well that we are retaining the entire crop of heifers in our herd.

**BEATHTON CAPTIVATOR**

A very smooth, low-set bull, out of a good imported breeding cow and sired by the imported bull now doing so well for Arnold Bros. He stood next to the Grand Champion bull at the regional Shorthorn show at Lindsay.

**Lot 20—Bull**

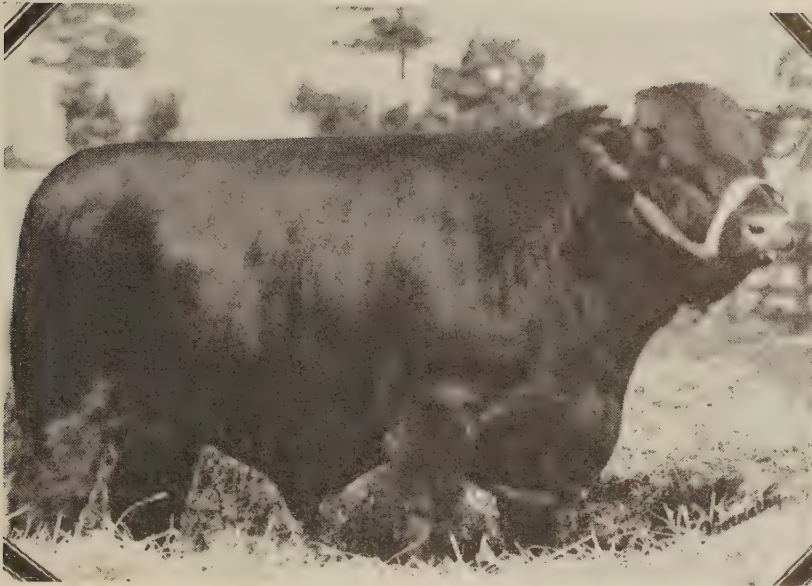

**Class 3**

# The Ideal Type Shorthorn Bull

For over two centuries, Shorthorns have competed with all comers as the ideal beef type. The ideal Shorthorn bull is thick, blocky, close to the ground, with greater scale at any given age than any other beef breed, straight in his top, bottom, and sidelines, close-coupled, carrying even width from end to end. He has a head showing

marked breed and sex character with neck short and thick, neatly joined, and shoulders smoothly blended into the body. His chest is wide and full, heart girth broad and deep, crops full, ribs widely sprung, loin thick and wide, hips neatly laid in with smooth rump and tail head, and twist deep. His horns are short, light-colored and glossy. He has a good coat of glossy hair and the best disposition of all beef breeds.

BUY IN THE PURPLE for these same good blocky qualities that help bring and maintain uniformity in your herd, and with qualities to go on procreating more of these good modern type Shorthorns.

**ACHTOI PRINCE**—is a deep, thick, smooth, short-legged, very dark red bull, with compactness and good long quarters. He is out of a top imported cow and by one of Cruggleton Achtoi's best sons.

**OAKFIELD BANKER**

Is a good-headed, low-set, smooth, thick calf, with good bone and good top and underline. The five top sires in this calf's pedigree are either bulls bred at Collynie or sons of bulls bred at Collynie. His granddam, Collynie Lady Rothés, is out of the same cow as Lord Rothés, the great sire in the Claude Gallinger herd. Oakfield Baron Rothés, that topped our October sale at \$3,100 is by Klaymor Favorite and the dams of the calves are full sisters.

SUNNYHILL EDWIN 21st—undefeated in class so far this year and was made Grand Champion at Edmonton. He looks much like his sire and gives promise of being a real breeding bull. He is one of the best bulls ever to leave Sunnyhill Farm.

# The Top Buy of the '44 Congress

Byron W. Hawks of Pullman, Wash., who is building one of the greatest herds of the Inland Empire, knows how to BUY IN THE PURPLE. At the 1944 International Congress he chose this modern type, deep-bodied, thick, smooth red bull with good bone and a wealth of character, at the top price of the Congress sale, namely, \$6,750. EDELLYN ROYAL LEADER 11th is a son of Edellyn Royal Leader, and his dam is

Edellyn Broadhooks 13th by Calrossie Mercury. BUY IN THE 1945 SHORTHORN CONGRESS if you want good bulls like this one. The possession of a great breeding bull is the most important factor contributing to the success of a breeding herd.

**MILLBROOK DIAMOND MAR**—We are coming back to the Congress with a group of calves by Klaymor Diamond that will still further increase his popularity as a sire. This calf has an exceptional head, is low-down, wide, with strong bone and legs well placed, which is a characteristic of these Diamond calves.

**BRITOMAC JASPERS NUGGET**

Is a calf with a wonderful head, very deep and low-set; out of one of the top breeding cows in our herd. He has the right type, color and breeding to make an outstanding sire.

**DIVIDE WAR SENATOR**—we consider this calf the best bull ever sired by Millhills Senator and one of the top bulls ever produced in the Divide herd. His dam is considered one of the best females sired by Duke of Killearn.

**EDELlyn MINTO MERCURY**

Is a tremendously thick, deep and smooth grand-son of Calrossie Mercury. He is sired by the Illinois, Iowa and Wisconsin State Fair Grand Champion and out of an International first-prize winner. This bull has substance, character and a well balanced conformation, coupled with bone and weight on a low-set chunky frame. He has everything that knowing cattlemen like in their herd sires and will reproduce calves of show-yard calibre.

# THE ANNUAL SHORTHORN WHO'S WHO

John C. Burns of Fort Worth, Tex., who has been chosen to select the winners at the 1945 International Shorthorn Congress Show, is one of the most widely known and highly respected judges of beef cattle in the U. S. Not only is he universally recognized as an excellent judge of cattle, but his superior business acumen is attested to by the fact that he is president of the Southwestern Fat Stock Show at Fort Worth, Tex., and for a number of years has been general manager of the S. B. Burnett Estate, owners of one of the largest and best commercial herds in the Southwest.

Mr. Burns knows whereof he speaks, therefore, when he says, "There are numerous ways of advertising purebred cattle, but breeders have long recognized that in effectiveness none excels the show ring and the public sale ring. The better the cattle the more favorable the advertising and the greater the return in premiums and prizes."

No better opportunity will be found than this 1945 Congress Sale from which to complete your Shorthorn Centennial show string. Here are 206 top-notch individuals of the type and breeding to blend in perfectly with a carefully selected show string or herd. **BUY IN THE PURPLE FOR YOUR PURPLE RIBBON WINNERS NEXT YEAR.**

# HELFRED AIR PILOT

Needs no comment. He will speak for himself when you see him at the Congress Show and Sale. We feel proud to be able to offer such an outstanding young bull, sired by Imported Bapton Major and out of a Cruggleton Achtoi dam, which is also the dam of Lady Venus of Helfred, Lot No. 73 in this sale. This gives him a combination of bloodlines that should please the most exacting judge.

## Good Bulls for Greater Progress

There is no spot in beef production where one can get as much return as in the purchase of a good purebred bull. It is cheaper to breed deep middles on calves than to feed them on, and if the calf has not been given the right heritage no amount of feed will put it into the deep-middle class. Investing in a top purebred Shorthorn bull is one of the best ways of getting into the cattle business. If the cow herd is just average, a good purebred Shorthorn bull will immediately raise the standard of the calves from fair to good or from good to choice. And owners of top cow herds cannot afford to buy anything but a bull that gives all the evidence of having the ability to produce calves equal to or better than their dams.

The bulls in the 1945 Shorthorn Congress combine breeding and type to blend in perfectly with every kind of herd. Owners of pace-setting herds choose their herd sires from the list of choice entries always found at the Congress. It is equally true of those seeking herd improvement. The bulls in this sale are just the type to lead the progress of the breed in the future decade.

**BO WOOD ROBINHOOD**—an extremely dark red, good headed, low-set calf with a lot of bone, width and depth, carries the earmarks of his illustrious sire, GARGUSTON COCK ROBIN Imp. His dam, a member of the same family as BO WOOD LUSTRE LAVENDER 2d, our last year consignment to the CHICAGO CONGRESS who stood second in class to LEVELDALE PATIENCE, is one of the best daughters of COMMAND'S MASTERPIECE. He will be a near faultless bull with a faultless pedigree,

# Why You'll Like Shorthorns

1. Shorthorn herds are easily established—no great outlay of money nor expensive buildings required.
2. Shorthorns make the best weight for age gain of any beef breed.
3. Shorthorns offer family security and dependability.
4. Shorthorns have by far the best temperament of all beef breeds. This saves labor, wear and tear to all concerned.
5. Shorthorns acquire compactness without loss of scale. Have rugged constitutions necessary for good farm and range cattle.
6. Shorthorns mature early and fatten readily, furnish top beef without loss of milk.
7. Shorthorn cows produce healthy progeny—sires are noted for prepotency.
8. Shorthorns are the pioneer of all improved breeds of cattle in the world—and the most numerous.

**BROWNDALÉ'S RODNEY**—Will be one of the outstanding young bulls in this sale. He is from **BRAWITH BOY'S BROWNDALÉ** and a dark red **ROSEWOOD** cow (the lowest down, deepest cow I ever saw) which entitles him to be one of the outstanding calves in the sale. He is a short, low-down, dark even roan calf with plenty of type, has a good head, short neck, smooth over the loin and a perfect tail setting. If you want a good junior show bull for another year, buy this calf.

**ABERFELDY GAY LASS**

A member of our winning get these past two years, and a consistent winner of her class in 1944. She is extremely low-set, short-coupled, and blocky, with a wealth of smooth natural fleshing. She will appeal to polled as well as horned breeders as she is almost a natural polled beast. Bred to Uppermill Royal, the high-selling bull at the 1944 Perth Sale, now in service at the Ontario Agricultural College.

This lot of fed steers were bought in 1944 as feeder calves at the Third Annual Shorthorn Feeder Sale at Billings, Mont., for a De Kalb County, Illinois, breeder, by the western representative of the American Shorthorn Breeders' Association. The Shorthorn's quiet, easy-feeding disposition which insures steady, dependable, profitable gains, is generously demonstrated here against an appropriate backdrop of hybrid corn. This lot represents the extra substance and scale, greater ruggedness, and quick maturity of Shorthorn steers which spell greater profit to the cattle feeder. Whether the demand be for the 900 lb. baby beef or the heavier beef, Shorthorns are first away to maturity. Shorthorn steers that are marketed annually through regular commercial channels are proof of the progress being made in the purebred business. There will be Shorthorn bulls in the 1945 Congress sale that are of the type and quality to please buyers with good commercial herds.

# The Ideal Type Shorthorn Female

A cow provides half the inheritance of every calf, so it is important that she be the best of type and bloodlines. The short-legged, heavy-fleshed, low-flanked, early maturing beef type Shorthorn female of today with her greater capacity for milk than cows of any other beef breed, is a real triumph in scientific breeding. This ideal modern

type Shorthorn female is smooth of flesh, near to the ground with plenty of style and impressive character, with the best of heads and impeccably attired in a fine quality coat. She represents the right combination of individuality with the best of bloodlines. And with all this she shows the capacity for plenty of milk so important in the development of rugged early maturing calves.

BUY IN THE PURPLE for cows like this for herd uniformity and for the best possible inheritance for your Shorthorn calves.

## Re-uamping the "Shorthorn Way"

The 96 bulls shown above are part of a purchase of 500 Shorthorn bulls by the Kern County Land and Cattle Co., of Bakersfield, Calif., the largest ranching operation in North America, for a program of cross-breeding on 48,000 whiteface cows for their ranches in New Mexico, Arizona, and Oregon in order to RECOVER THE WEIGHT IN STEERS that has been lost annually by straight breeding. The Hall Cattle Co., prominent commercial cattle producers at Alliance, Neb., credits 88 lbs. of extra weight on their steers sent to market off grass as yearlings, to the 50 percent Shorthorn bulls used in the herd. The H. Moffat Co., of Elko County, Nev., the West's largest combined meat-packer and producer USES SHORTHORN BULLS on 16,000 whiteface cows BECAUSE STEERS WERE BECOMING LIGHT-BONED from straight breeding. Others of the large commercial producers are buying Shorthorn bulls for the same reason. They are finding increased PROFITS resulting from THE GREATER WEIGHT AND EARLIER MATURITY of SHORTHORN BLOOD.

**WESTMORLAND NONPAREIL**—Is the kind of heifer we like to keep for our own herd; very low to the ground, uniform wide body, deep mellow flesh and extremely full in the quarters. Bred Sept. 5, 1945 to Edellyn Royal Leader 14th 2222169, the \$6,000 son of Edellyn Royal Leader. This mating should produce a very desirable calf.

# Top Selling Female of the '44 Congress

LEVELDALE PATIENCE is an outstanding example of the top performance of a grand champion female when mated with a bull of uniform type and breeding. She is a daughter of Goldfinder's Majesty, one of the best sons of the famous Supreme Goldfinder, and is out of Divide Patience 51st, that most pleasing twice International grand champion cow. Divide Patience 51st was grand champion at the 1940 Chicago International, topped the International sale that year, and came back to win the grand championship at the 1941 International. LEVELDALE PATIENCE, her first calf, was

consigned to the 1944 Congress by Mathers Brothers of Mason City, Ill., where she added a fitting chapter to her dam's illustrious record by topping the sale in the female division, going at the nice price of \$3,700 to L. Russell Kelce, owner of Merryvale Farm, Grandview, Mo.

## Another Grand Champion Steer

Invariably Shorthorn grand champion steers over all breeds are sired by top purebred bulls. A bull BOUGHT IN THE PURPLE at the 1941 Chicago International Shorthorn sale, namely, Edellyn Model Mercury, purchased by a Virginia buyer, was the sire of a Shorthorn steer, grand champion over all breeds at the Salem Fat Cattle Show, Salem, Va., just out of Roanoke, early in 1945. The calf won in competition with eighty 4-H calves. He was exhibited by Kennon C. Whittle Jr., Martinsville, Va., whose father has been collecting a top herd of Shorthorns in the last few years.

The Champion, born March 18, 1944, and tipping the scales at 1,015 lbs., aptly illustrates the advantage of the early maturing qualities of the Shorthorn over other beef breeds. The first prize steers in the other two breeds competing were born a month earlier and a month later and weighed respectively 805 and 880 lbs. The Champion sold for 75 cents a lb. with the reserve champion of another breed bringing 40 cents. **BUY YOUR BULLS IN THE PURPLE** and produce grand champion steers for major post-war shows.

Every cattle breeder likes his cattle with good even dispositions, gentle, with big calves and long lactation periods. Shorthorn cows fill that bill perfectly. These matrons show the great placidity of disposition which, added to the ability to produce abundant milk, make Shorthorn females such excellent mothers. Those who study their costs in raising heifers are convinced that it pays to raise only the good ones. It takes just as much feed, just as much time, just as much barn and pasture room to raise poor ones as it does cows like these bred in the purple, but there is a lot of difference in the check when it's selling time for either the calves or their dams. You'll find more good females like these in the 1945 Congress.

# Hold All-Time High Price Record

The all-time price record of \$22 per cwt., for fed cattle on the U. S. open market is held by a group of 22 Shorthorn steers topping the scales at 1,080 lbs. sold last December on the Denver market by a 17-year-old 4-H Club girl, Lois Dalton of Eaton, Colo. The steers topped Lois' own previous all-time Denver record of \$17.50 per cwt. These cattle were purchased as feeders at last year's National Western Stock Show where they were reserve grand champions over all breeds in the feeder division for Josef Winkler, Castle Rock, Colo. It pays the commercial breeder to produce purple ribbon winners.

SUNSET CONSTANCE 10th—this is one of BRAWITH BOY'S BROWNDAL'S best calves—a show heifer if you please! If she is anything like her mother, she will prove to be one of your best, if not the best, brood cow on your farm. She is a heifer I hate to part with for I believe she will go out in the strongest state shows next year as a senior yearling and be hard to beat.

# A Herd Bought in the Purple

There's nothing like good Shorthorn cattle to get the most out of good grass pasture. This group represents the value of uniformity in type, quality, and appearance which has a definite money value in producing a profitable herd. Success or failure can usually be measured by its presence or absence. Uniformity of color and markings helps make more impressive uniformity of type and quality. At the 1945 Congress you will have the greatest chance of your life to increase the uniformity of your herd either with the purchase of additional females or a good bull. COME PREPARED TO BUY LIBERALLY.

**BROADHOOKS OF N BAR N**—was made Grand Champion of the 1945 Minnesota State Futurity Show.

# He Dressed at 70.61 Percent

The steer shown here is Poly Jock, a 1,000-lb. Shorthorn owned by William Marxmiller, 17-year-old FFA college sophomore (extreme left) from Santa Barbara, Calif. Poly Jock went to the grand championship of the Great Western Livestock Show at Los Angeles late last year, brought a new record price on the Pacific Coast of \$4.25 a lb. and dressed at 70.61. Commercial Shorthorn production and expansion is the basis on which purebred progress is made. The beef raiser is always impressed by the performance in the unrestricted inter-breed steer events. Shorthorn steers meet every beef making test, but the right kind of bull must be used at all times if top qualities are to be maintained in herd production. Poly Jock was sired by a purebred Shorthorn bull of the type found in this Congress sale.

**MARIGOLD 29th**—is an excellent daughter of Robinwood Royal Leader with plenty of quality. She has a beautiful head, is very thick, true in her lines, short-legged and a typy individual of show ring calibre.

MAPLEVALE BRIDE 6TH

Is a very sweet little dark red heifer that is good in every way. Her dark red dam carries more natural, smooth, deep flesh and stands on the shortest legs of any cow we have seen. We are keeping two full sisters to this heifer in the herd—one was Grand Champion female over all breeds at a strong F. F. A. show at Princeton this year. Vaccinated for Bangs.

## *Try Our Service — Without Charge*

Cordially the American Shorthorn Breeders' Association invites you to become interested in producing Shorthorns on a profitably sound and constructive basis. We invite new breeders or prospective buyers to take advantage of our facilities for service. We are more than a registry association, we are here to cooperate with you in any way either in solving your cattle problems or in locating and assembling the kind of Shorthorns you want—either one or a carload. This is done entirely free of charge. The advice of our experts is always available in gathering together a uniform herd for whatever branch of the cattle business you wish to enter—or in helping organize a local or state sale—or a local or state Shorthorn organization.

If you are unable to attend the 1945 Congress send your buying orders for any animals in this catalog addressed personally to Clinton K. Tomson, Sec'y., American Shorthorn Breeders' Association, Union Stock Yards, Chicago 9, Ill. Give details as to what prices you expect to pay, second or third choices if you have them and include shipping instructions.

**MAXWALTON JEALOUS LADY 11th**—comes from one of our best Jealous cows. She shows the desirable qualities that Klaymor Extra transmits to his progeny. She is smooth, wide and deep and the kind that will make a good brood cow.

# **EDELLYN CLIPPER 40TH**

Is as sweet as they come—and she comes by it naturally, for she is a full-sister to Edellyn Royal Leader 10th, the great calf that was purchased by Ohio State University. She is another example of the perfection produced by mating the All-American Favorite with the daughters of the New Dynasty. Concentrated in this grand heifer are all the good qualities of the Royal Leaders and the Mercurys. What a wonderful opportunity for your bull to produce a real honest-to-goodness calf. Vaccinated for Bangs.

**MINA MAXDALE A**—A flashy, rich roan daughter of one of the best breeding bulls in western Illinois. A show heifer in every respect.

# Can You Use an Extra \$1000?

Aside from the pleasure and profit in raising purebred Shorthorns, there is another way to increased income for the Shorthorn breeder who raises only the best. A well-conditioned steer getting to the top in inter-breed competition at a major show has great advertising and publicity value to the breed as well as to the breeder and the exhibitor of the steer.

To encourage owners of good Shorthorns to pick better calves for steers and to see them get into top competition with other breeds at major shows, an extra bonus of \$1,000 has been established by the American Shorthorn Breeders' Association for the exhibitor of a Shorthorn steer adjudged grand champion over all breeds at the Chicago International, Kansas City Royal, Fort Worth or Houston Fat Stock Shows, and the Denver National Western. In the case of a breeder who can't use that extra thousand dollars, there is many an expert fitter and showman among the 4-H or FFA boys and girls who would be glad for the chance to win it if the Shorthorn steer is made available to them.

You will find bulls in the 1945 Congress that will sire the type of steers that can make you eligible for this thousand dollar bonus as well as bring to you the great prestige attached to breeding and exhibiting A GRAND CHAMPION STEER.

# Shorthorns are Money-Makers

The purebred Shorthorn bull has been called the “greatest missionary of progress” in the beef cattle field. Shorthorns have lent their scale, early maturing qualities, good dispositions and milking ability to almost every improved bovine breed at some time in its evolution. The great strength of the Shorthorn lies in its unrivaled range of adaptability and its ability to turn forage into prime beef faster than any other beef breed. Early Shorthorn maturity comes primarily from their greater capacity for milk production when compared with all other beef breeds, from their quiet easy feeding dispositions, and from their greater natural size. REMEMBER, YOU SELL BEEF BY THE POUND—and you GET MANY MORE POUNDS WITH SHORTHORNS. You can’t beat them as money-makers.

MARMAC VIOLET MIST 2d—Has about all anyone could desire in a Shorthorn female. A full sister, and almost an exact duplicate of this heifer, was champion at the Missouri State Show and Sale last fall and later sold in the Otis Carter sale for \$1,450.00. Sired by Helfred Nimrod, a dark red son of Fascinator, that was second top bull at the 1941 Congress.

**FAVORITE AUGUSTA 4TH**

Is a dark roan with lots of thickness and quality. She is wide and smooth from end to end, and has the head typical of a good breeding matron. Sells open.

## Something New Has Been Added

In 1943 Gilbert Elken Jr. of Mayville, N. D., consigned the good heifer shown at the left, Bapton Augusta 24th. She sold for the top price in the female division of \$2,525 to Marellbar Farm, Libertyville, Ill.

There she was mated with Klaymoor Footprint and the lower picture shows her in the second chapter of buying in the purple, in just average flesh but nursing a promising heifer calf. This calf will gain weight rapidly because of the ample supply of her dam's milk, so indicative of the good Shorthorn mother. It pays to buy in the purple. Look for more prospects like Bapton Augusta 24th in the 1945 Congress.

# Sign Your Name for Greater Gain

# \$10

More and more cattlemen are switching to Shorthorns because of their greater efficiency per animal unit—quicker maturity—greater natural weight at any given age, and ability to thrive on low cost feeds. In the last few years more active members have enrolled with the American Shorthorn Breeders' Association than with any other beef breed.

In addition to the wide new markets created, further reason for our rapid growth is the savings in recording fees accorded to members. Every member upon joining immediately receives a 50 percent saving on all registration and transfer fees. NO OTHER CATTLE REGISTRY ASSOCIATION can match OUR LOW COSTS of MEMBERSHIPS, REGISTRATIONS and TRANSFERS.

A Life Membership costs only \$10 plus an annual due of \$1. In addition to reduced registry fees, your name goes on the lists of breeders sent to all prospective buyers as sources of supply, you have a vote in the election of delegates and directors, and best of all, your membership fee is PUT IMMEDIATELY TO WORK finding NEW BUYERS FOR SHORTHORNS—THE GREATEST BREED OF CATTLE ON EARTH. Send your check now and help boost Shorthorns. Write to American Shorthorn Breeders' Association, Union Stock Yards, Chicago 9, Ill.

DONHIL LAVENDER 12th—Is a nice daughter of Edellyn Supreme Mercury from a very dependable family. Her dam is a great individual and is a heavy milker. We predict this heifer will make an ideal brood cow.

## Our Future Markets

The future of Shorthorns can never be doubted when foresighted fathers start their youngsters with a calf early in life. The gentle, easy-feeding, friendly propensities of the breed lend themselves admirably to such a pleasant and profitable association. Here also is begun the basis of the 4-H or FFA project lessons which have been so fruitful of Shorthorn steer grand championships. Club work is so much more than a local project by a boy or girl for mo-

mentary gain and experience. It is the building of future citizens and leaders. It spans a wide gap of know-how which took years for our fathers and grandfathers to acquire. It teaches early in life the value of rigid selection of type and bloodlines for increased production per animal unit. It is this high degree of selection throughout our livestock world which has maintained the high standard of our herds and to which we can attribute much of our high standards of living.

Make it a point to see that at least one promising boy or girl is given the benefit of a Shorthorn calf as a project during the coming year. Such encouragement builds Shorthorn enthusiasts early in life and lays the foundation for a great future market for Shorthorns.

MARMAC ROYAL COUNTESS 4th—Choice member of a family that has been outstanding in its breeding performance. She is from the same family and by the same sire as Royal Countess 20th (winning member of Merryvale show herd last year), Countess 15th (champion female in 1944 Missouri sale) and Marmac Royal Countess (top open heifer in our 1944 sale and now a member of the Otis Carter great breeding herd). Her full sister, Marmac Royal Countess 2d, was second top heifer in our 1944 sale.

# **GLENBURN BUTTERFLY K**

Is by Klaymor Forester, sire of the \$3,300 Edellyn Glen Forester, now owned by Richey & Sons of Indianapolis. Study this pedigree carefully. Robinwood Ransom is one of the greatest sons of Millhills Ransom. Blythesome Belle 7th is by imported Collynie Vigilance, a son of Rosehaugh Mandarin. Rigfoot Mandarin is by Collynie Victor Royal, another imported son of Rosehaugh Mandarin. Glenburn Butterfly 11th is by the many times champion and sire of champions, Glenburn Field Marshal. Balthayock Buttercup 2d is by the Perth Champion, Coldoch Union Jack. Collynie Royal Barrage and Calrossie Grand National need no comment.
